The bottom line is we don't care what anybody thinks. We search out the best vineyards and we make uncompromised wine.

Largely Cabernet-based, a touch of Petite Verdot and Primitivo - but we know you don't really care what varietal is on the label. You just want to open the bottle and think "this wine kicks ass!" Period, end of story - **NO PRISONERS, THANK YOU.**

kay is soft, creamy, juicy, rich, and powerful all at the same time. A dark and brooding wine, hints of imminent danger, ripe with confidence and purpose.

**SURRENDER YOUR INHIBITIONS** Drink it while it's here, she won't stick around.
